

Matador Transportation Group

CAPABILITY STATEMENT

FMCSA COMPLIANT | SDVOSB

MISSION OVERVIEW

Matador Transportation Group, LLC provides mission-critical heavy-haul and specialized transportation services for federal infrastructure and defense logistics. Led by a retired U.S. Marine Corps Senior Operations Manager with 23 years of global logistics and security experience – applying military-grade precision to the civilian supply chain. We maintain a 100% accident-free safety record since January 2024.

CORE COMPETENCIES

Specialized Heavy Haul: Expert operation of Lowboy and Flatbed trailers for oversized infrastructure components and military assets.

Infrastructure Logistics: Proven track record in high-volume hauls for TxDOT highway construction projects.

Emergency & Surge Support: Rapid-response mobilization for FEMA disaster relief and DoD mission-critical freight.

Tactical Operations: Fleet management informed by USMC readiness standards and multi-billion dollar budget oversight.

Secure Transport: Director-level U.S. Embassy security expertise applied to sensitive cargo and high-value asset protection.

State
Defense Clients

KEY DIFFERENTIATORS

Elite Leadership: CEO directed multinational exercises, managed \$3B in operational cost-savings initiatives ensuring fiscal efficiency.

Ready-Force Mentality: Improved USMC unit readiness 38% → 75%, same "Ready-to-Roll" standard drives fleet operations.

Security-First Ops: Former U.S. Embassy Director of Security – expert in risk mitigation, route security, and asset protection.

Asset-Based Capacity: Own and operate specialized fleet (Lowboy, Utility Flatbed, Flatbed) for guaranteed capacity and accountability.

Safety Excellence: Zero accidents or insurance claims since inception, full FMCSA compliance.

DELIVERING EXCELLENCE ON EVERY ROUTE
